

Proofreading (8W2)

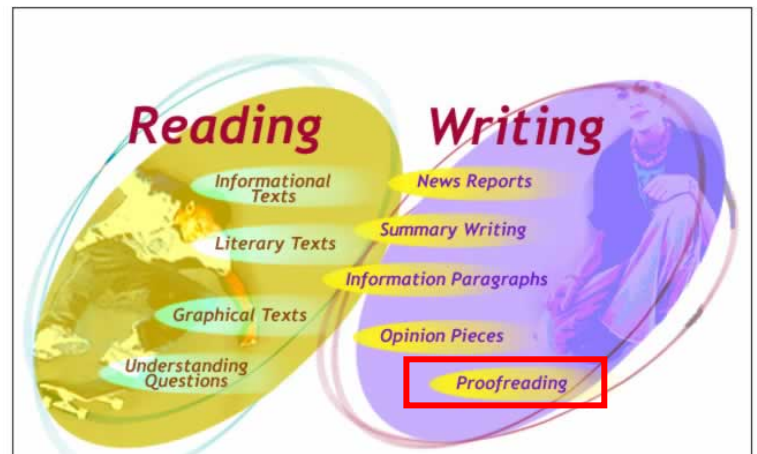

Task: Complete a proofreading exercise to identify and correct all errors in a text selection.

Step 1: Run *Reading and Writing Achievement*.

Step 2: Log in by clicking on your class and name, or by clicking on the **Guest** button.

Step 3: Under the “Writing” heading, click on the **Proofreading** button.

Step 4: Read the instructions on the screen.

Step 5: Click on the right-arrow at the bottom of the screen to advance to the next screen.

Step 6: Select one of the sixteen proofreading passages (as instructed by your teacher) by clicking on the title (the cursor will change to a hand).

Step 7: Carefully read the passage. When you locate an error, click on it and choose a correction. The program will confirm your choice, or ask you to try again. Click **OK** to continue.

Step 8: Check the information in the oval shape at the top right to see how many errors you still need to locate.

Step 9: Use the scroll bar at the right of the reading passage to access the rest of the text (if necessary).

Step 10: When you have corrected all the errors, the program will display the following message: “Congratulations! You have proofread this passage.”

Step 11: Select **Proofread Another Passage** or click on **Menu** twice to return to the main screen.

Step 12: Click **Exit** at the bottom left to quit the program.
