

Word Study (7R11) (Instructions for Appleworks)

Task: In preparation for reading and discussing a passage of text, identify and define important words for your group.

Step One: Open the template file. Follow your teacher's instructions.

Step 2: Type the information required in each cell. To enter text in a cell, double click the cell, then type the text.

Step 3: Save the file using a different file name. To do this, select **File >> Save As**. Save the file in a location as directed by your teacher.

Step 4: Print a copy of your work in preparation for your group discussion of the passage.

Literature Circles - Word Sleuth		
Name:	Date:	Title:
Group Members' Names:		
Directions:	As the word sleuth, your job is to identify and define important words in your reading. Important words might be difficult to spell, unusual, repeated, descriptive, or powerful. You need to record the page number on which you found the word, its definition, and your reason for choosing it. You should have between five and seven words ready for your group discussion.	
Word:	Page:	Definition and Notes:

Double click on a cell, then type to enter text.

To add another row, highlight an existing row, then select **Table>> Insert Cells**.
