

Grade: 3	Strand: Oral Visual	Concept: to review websites
Description of Task:	Exploring the Internet Students will review various sites provided by the teacher and complete an evaluation sheet on each site.	
Expectations:	3e50• communicate messages, and follow and give directions for a variety of activities and events; 3e60 - speak on a variety of topics in classroom discussions using some specialized language (e.g., metres in measurement), and select words carefully to convey their intended meaning; 3e65– use basic terminology (e.g., close-up, low angle) to discuss visual images in print and electronic media;	
Software Type:	Internet AppleWorks	
Computer Skills Prerequisite	Students must be able to: <ul style="list-style-type: none"> • Select and run the program • Connect to the internet using a browser • Navigate through provided web sites • Add text to record information • Print and save 	
Student Instructions: (for teacher)	1. Select web browser 2. Go to bookmarked sites to begin exploring 3. Navigate through provided web sites 4. Select evaluation sheet from shared file 5. Add text to record information 6. Print and save evaluation sheet	
Teacher Notes:	Supervision: It is important for the teacher to preview all sites for educational and age appropriateness. It is important to reinforce safe and wise surfing procedures with the students. During the lesson, the teacher should be actively supervising the students while they are working on the net. Have all sites that you want your students to review bookmarked for easy access. This list can be added to throughout the year. Related offline activities: A file could be established so that students can read one another's reviews and then visit the site and create their own review to see if they agree or disagree with the evaluation. Additional Activity: A class database maybe created in Appleworks with the following fields: date, web address, student review rating (1-5), comments	
	Activity Template File: Y <input checked="" type="checkbox"/> N <input type="checkbox"/> Student Instruction BLM: Y <input checked="" type="checkbox"/> N <input type="checkbox"/>	
Assessment:	Does the student complete and file the review of a web site? (Curriculum) Is the student able to connect to the internet and use the mouse to navigate the web site? (Technology)
