

Paper Folding Activity (Cootie Catcher): Folding and Playing

1. Download file.
student folding activity.pub
Print and cut out the folding activity.

2. Fold two opposite diagonal corners together, then open back up.
3. Fold the other two opposite corners together, then open back up.
4. The lines should cross at the center of the paper.
5. Turn paper printed side down. Fold all four corners to the center of the paper.
6. When all four corners are folded, your catcher will look like this.
7. Flip your paper over so the character drawings are faced down.
8. Again, fold all four corners to the center of the paper.
9. When all four corners are folded, your catcher will look like this.
10. Fold any two sides together. Then fold opposite sides. Make sure the numbers are in the inside, faces on the outside.
11. Slide your thumbs and fingers under the four flaps.

You can play your own version of Catcher:

- First, with the Catcher closed, choose one of my four friends. Then close-and-open the Catcher once for each letter in my friend's name, leaving it open at the end so that you see four numbers inside.
- When you open and close it, open it once with your forefinger and thumb on each hand together. Then open it with your two forefingers together and your two thumbs together.
- Second, choose one of the four numbers, and close-and-open the Catcher that many times, again ending with it open.
- Last, choose one of the four numbers, and lift up that flap to reveal your fortune or personal message.
